Dear Mr. Butler:

Please find enclosed my response to the most recent Notice of Non- Compliant Amendment. I have tailored this response to the example that you were kind enough to enclose as a sample. I was unclear on the format that you needed in this response as far as underlining the new format so I have enclosed a clean copy as well as an underlined copy. I based this on the fact that I was not changing my claim but putting it into the correct format that you wanted. I hope this is satisfactory. Please let me know if you need anything else.

Best regards,

Les Dooley
